# Introducing Team Daiwa™ Lures

## TD Crank

These beautiful baits set a new standard of excellence in manufactured lures. Each individual lure requires eight full weeks of painstaking craftsmanship and detailed finish. They are, in every sense, miniature works of art. Put them out on your shelves, and anglers won't be able to leave them alone.

### Beautiful, But Not Dumb.

Don't let their beauty fool you — these lures can fish! They are as technologically advanced as they are stunning. Many feature Daiwa's exclusive Variable Center of Gravity system, which offers superior castability, pinpoint accuracy, and superior swimming and wiggling action. And all TD Lures feature only the sharpest chemically milled (chemically sharpened) hooks.

## TD Shad

### TD Popper

Specifically designed for tournament competition, T.D. Poppers are finely calibrated for enhanced castability. Their unique body shape is particularly responsive to the angler's rod-working technique, while Daiwa's exclusive cup-shaped nose design increases their splashing action.

## TD Popper

### TD Minnow

The T.D. Minnow lure is designed for finesse fishing with a baitcasting reel. Their long-cast design allows for 20% longer casts, covering 40% more water.

### TD Pencil

The T.D. Pencil lure features Daiwa's new hollow mouth design. When jerked from a free-floating position, the air trapped in the lure's mouth is forced out through the gill openings on either side of the body to duplicate the appearance of a distressed, gasping baitfish.

### TD Vibration

During the sinking phase of the retrieve, the T.D. Vibration lure responds especially well to the angler's rod-working action. The resulting movement realistically imitates the flashing of a pursued baitfish.

### TD Crank

Designed for tournament competition, the T.D. Crank series consists of three lip sizes to provide optimal diving depths.

### TD Shad

The T.D. Shad lure is designed to maximize finesse fishing with a spinning reel.

### Catch More Fishermen.

Your customers won't be able to get enough of these beautiful and effective lures. To order, or for more information, call your Daiwa representative today.
